

# Physical Models of Living Matters - The 3rd Symposium of Physical Biology and Biological Physics

## Saturday 31 August 2024

**Session IV - 205 Meeting Room (11:10 - 12:30)**

-Conveners: Chi-Shuo Chen

| time  | [id] title  | presenter               |
|-------|---|-------------------------|
| 11:10 | [18] Transcription factor dynamics in gene expression: the long and short of it         | Prof. UPADHYAYA, Arpita |
| 11:40 | [14] An optogenetic toolbox for spatio-temporal control of integrin adhesion complexes. | Prof. JOHNSON, Heath    |
| 12:00 | [16] Chromatin organization and dynamics resolved by label-free iSCAT microscopy        | Prof. HSIEH, Chia-lung  |
