

# Physical Models of Living Matters - The 3rd Symposium of Physical Biology and Biological Physics

## Sunday 1 September 2024

**Session VII - 205 Meeting Room (08:30 - 10:20)**

-Conveners: Wei-hsiang Lin

time	[id] title	presenter
08:30	[22] One-dimensional complex cell motility patterns induced by mechanosensitive adhesion complexes	Prof. CHEN, Hsuan-yi
09:00	[39] How do active particles diffuse in polymer networks: from simulations to theory	Prof. JEON, Jae-Hyung
09:30	[23] Contributed talk	CUTIOGCO, Marie
09:50	[38] The Interplay of Carotenoids and Reactive Oxygen Species in a Regenerating invertebrate	Prof. CHENG, Chia-liang
