

7th KAGRA International Workshop

Saturday, 19 December 2020

Student session(Test of GR, Astronomy. Chair:G.C.Liu): Parallel (Analysis) (13:30 - 15:30)

time	[id] title	presenter
13:30	[99] (Student) Polarization tests of GW170814 and GW170817 using waveforms consistent with alternative theories of gravity	TAKEDA, Hiroki
13:50	[100] (Student) On the jet structure of short Gamma-ray Bursts through X-ray light curve modeling	LIN, En-Tzu
14:10	[101] (Student) Generating Kilonova Light Curves Using Autoencoder to Investigate the Properties of a Compact Binary Merging System	SAHA, Surojit
14:30	[102] Testing the Propagation of GWs with CPT violation	SHAO, Lijing
15:00	[103] OBSERVATIONAL EVIDENCE OF BLACK HOLE FORMATION BY GW-CALORIMETRY IN GW170817	VAN PUTTEN, Maurice
