

**Session Program**

18-19 May 2026

**GW-CMB 2026**

***Session 3-2: : New Probes of the Hubble  
Constant using GW Dark Sirens and  
Clustering redshift (Chair: Yi-Kuang Chiang)***

National Central University

## Tuesday 19 May

10:30

11:00

**Session 3-2: : New Probes of the Hubble Constant using GW Dark Sirens and Clustering redshift (Chair: Yi-Kuang Chiang): Constraining  $H_0$  with standard candles and sirens**

**Session** | **Location:** National Central University | **Convener:** Teppei Okumura
