

Session Program

2-4 Sept 2026

Frontiers in Axion Haloscope Experiment *Cavity*

Department of Physics, National Central University, Meeting Room
Department of Physics, National Central University, No. 300, Zhongda Rd., Zhongli District, Taoyuan
City, Taiwan 300 ()

Thursday 3 September

09:30

Cavity: High-Tc superconductor cavity (IBS)

Session

10:00

10:00

Cavity: Wire metamaterial cavity and more (ALPHA and HAYSTAC)

Session | Convener: Dr Karl van Bibber

10:30

11:00

Cavity: Conic shell cavity (TASEH)

Session

11:30

11:30

Cavity: Advanced high-frequency cavity (IBS)

Session

12:00

12:00

Cavity: Challenges of cavity fabrication (TASEH)

Session

12:45
